To those needing a challenge, wanting a workout or craving wholesome fun, the Huddle Up Fitness System has got your back. This awesome structure is covered in an abundance of interactive activities. This athletic structure is teeming with unique ways to exercise while providing a blast doing it. Children can tackle this unit any way they wish. The theme of the Huddle Up Fitness System is climbing and hanging. The Curved Panel Climber, Net Climber, Craggy Rock Climber and Chain Climber are where kids go to test out their vertical escalation skills. These particular attachments emphasize foot placement and are a great way to improve balance. The Overhead Horizon Climber, Rocker Bar Overhead Climber, Arched Overhead Swinging Ring Climber and Overhead 3-Wheel Swing Climber are horizontally placed and will require some clever maneuvering. These will undeniably be a workout for core and arm strength. Exercise doesn't have to be boring when playing on this unit.
